Every Soul is independent. None depends on other

All soul are alike. None is superior or inferior

Every soul is in itself absolutely omniscient and blissful. The bliss does not come from outside.

All human beings are miserable due to their own fault, and they themselves can be happy by correcting these faults.

The greatest mistake of soul is non recognition of its real self and can only be corrected recognizing itself.

There is no separate existence of God. Everybody can attain Godhood by making supreme efforts in the right direction.

Know thyself, recognize thyself, be immersed by thyself you will attain Godhood. God is neither the creator nor the destructor of the universe. He is merely a silent observer and omniscient.

One, who - even after knowing the whole universe can remain unaffected and unattached, is God.

Fight with yourself, why fight with external foes? He who conquers himself through himself will obtain happiness.

A man is seated on top of a tree in the midst of a burning forest. He sees all living beings perish. But he doesn’t realize that the same fate is soon to overtake him also. That man is a fool.

All beings hate pain. Therefore one should not hurt or kill them. Ahimsa (non-violence) is the highest religion.
