DARKNESS TO LIGHT

- ✤ Every Soul is independent. None depends on other
- ✤ All soul are alike. None is superior or inferior
- ▲ Every soul is in itself absolutely omniscient and blissful. The bliss does not come from outside.
- All human beings are miserable due to their own fault, and they themselves can be happy by correcting these faults.
- ✤ The greatest mistake of soul is non recognition of its real self and can only be corrected recognizing itself.
- ★ There is no separate existence of God. Everybody can attain. Godhood by making supreme efforts in the right direction.
- ✤ Know thyself, recognize thyself, be immersed by thyself you will attain Godhood. God is neither the creator nor the destructor of the Universe. He is merely a silent observer and omniscient.
- ✤ One, who even after knowing the whole universe can remain unaffected and unattached, is God.
- ✤ Fight with yourself, why fight with external foes? He who conquers himself through himself will obtain happiness.
- A man is seated on top of a tree in the midst of a burning forest. He sees all living beings perish. But he doesn't realize that the same fate is soon to overtake him also. That man is a fool.
- All beings hate pain. Therefore one should not hurt or kill them. Ahimsa (non-violence) is the highest religion.

Choice Based Credit System (CBCS)

What is CBCS?

Choice – Based Credit System is a flexible system of learning. 'Credit' defines the quantum of contents / syllabus prescribed for a course and determines the number of hours of instruction required. The distinguishing features of the CBCS are the following:

It permits students to

- learn at their own pace
- choose electives from a wide range of elective courses offered by the various departments
- undergo additional courses and acquire more than the required number of credits
- adopt an inter-disciplinary approach to learning
- > make best use of the expertise of available faculty

1 – Schools, Departments and Programmes:

1.1 There are several departments of study and research in the college which are grouped into various schools. Most of these departments offer programmes at various levels under the CBCS. The programmes offered include:

- a) Under Graduate Degree Programmes
- b) Master's Degree Programmes
- c) M.Phil Programmes
- d) Certificate Programmes
- e) Diploma Programmes
- f) P.G Diploma Programmes

2 – Courses

2.1 A programme consists of a number of courses. A 'Course' is a component (a paper) of a programme. Every course offered by any department is identified by a unique course code. A course may be designed to involve lectures / tutorials / laboratory work / seminar / project work / practical training / report writing / viva – voce etc. or a combination of these to meet effectively the teaching and learning needs and the credits may be assigned suitably.

3 – Seminars

3.1 An academic year consists of two semesters

Odd Semester – June to November

Even Semester – December to April

3.2 A Semester normally extends over a period of 15 weeks. Each week has 30 hours of instruction spread over a 5-day week.

4 – Credits

4.1 Credit defines the quantum of contents / syllabus prescribed for a course and determines the number of hours of instruction required per week. Thus, normally in each of the courses, credits will be assigned on the basis of the number of lectures / tutorials / laboratory work and other forms of learning required to complete the course contents in a 15 week schedule.

1 Credit = 1 hour of lecture per week

- (1 Credit course = 15 hours of lectures per semester)
- 3 Credits = 3 hours of lecture per week
- (3 Credit course = 45 hours of lectures per semester)

Instruction can be through lectures / tutorials / laboratory work / field work or other forms. In determining the number of hours of instruction required for a course involving laboratory / field work, 3 hours of laboratory / field work is generally considered equivalent to 1 hour of lecture

Autonomous

Our College has the distinction of obtaining the coveted NAAC Accrediation for the academic excellence achieved by us for the last five decades.

Our consistent and unflinching effort in attaining nobler heights in the field of higher education led to the autonomous status being conferred on us in June 2006.

This again is no small honour as we passed through the evaluative gaze and the critical assessment of the Expert Committee of the University Grants Commission.

Autonomy means literally autonomy in the introduction of useful courses that serve as a springboard for students to reach higher level of employment on the one side and to pursue enduring research that vertically takes them to greater heights in academic attainments on the other. It confers on us the province to initiate examination reforms that brings to fore the innate talents that lie hidden in a student. It is again within our competence to device and practice with success curriculum innovation, conduct of seminars and arranging project work, formulating schemes for the benefit of the State and the Nation, establishing an enduring nexus with leading industrialists to create conduit for the gainful employment of our students. All these will follow with a redoubled vigour, fervent enthusiasm as a sequel to the autonomous status attained by us.

The special feature of Autonomy is the introduction of Internal Assessment System to continuously assess the academic performance of the students. Adequate attention is focussed on Communication Skills, Personality Development and other skills to tap their potential and to mould them towards work-life balance.

The College is empowered to constitute its own Board of Studies and Academic Council to decide the syllabus, set the Question Papers design the scheme of Evaluation in accordance with the UGC guidelines. Proper credit to each subject could be determined.

The doyens and stalwarts in industry and academics who represent the Board of the studies and the Academic Council guide the institution to integrate the curriculum with the needs of the Industry.

Thanks to the autonomous status, all our efforts concentrate on maintaining a higher level of excellence in education, accommodating new schemes (courses), introducing new methods of teaching and creating conducive learning environment in the campus.
