ANNUAL REPORT 2018-2019

The Internal Quality Assurance Cell of our institution operates efficiently, with a primary focus on enhancing both academic and non-academic aspects across all activities. This academic year, particular attention has been given to curriculum enhancements and the integration of application-oriented subjects to bolster its strength, alongside initiatives for examination reforms.

The college's endeavors have resulted in the granting of autonomous status by the UGC since 2006.

Academics:

From its modest origins, the institution has evolved into a research institute that now offers a total of 13 programs, including 9 undergraduate, 3 postgraduate, and 1 PhD program. Covering disciplines such as Arts, Mathematical Sciences, Basic Sciences, Commerce, Media Sciences, and New Age Sciences, the college currently serves 3658 students.

For the current academic year, admissions have reached 95%, resulting in the enrollment of 3658 students. The faculty comprises 105 members in which staff holding doctoral degree are 29.

In the academic year 2018-19, staff members participated in many International/National/state level seminars, conferences, and workshops. Additionally, in the current academic year. Faculty members have published 34 journals in various publications.

The college has well equipped ERP software, that support the Management and Administration in quick decision making to enhance quality in all areas of the institution. Apart from the admission and examination process, various function modules were introduced and expanded upon to meet the requirement of academic, research and co-curricular activities and administrative processes with the support of IQAC. It integrates all framework into a single roof thus making the campus an education hub and “GO GREEN ENVIRONMENT”.

Summary:

The IQAC has also started to create and use quality standards for the institution's academic and administrative operations. As a result, all departments conduct and complete their tasks in accordance with institutional policies. The IQAC has also introduced improved initiatives for creating a learning environment that is focused on faculty development and highquality instruction. With a focus on interactive teaching and learning processes, technology use expanded. The IQAC is committed towards internalization and institutionalization of quality enhancement initiatives in higher education. It helps the institution in planning and monitoring.

IQAC has planned to conduct outcome based education Faculty Development program for the welfare of the staff and to organize many awareness programmes to motivate the students to involve in social welfare. Also, many counselling sessions for the student in the next academic year.
